ON THE CANVAS: On exhibit at McIntosh Gallery

Edgy photos showcased at McIntosh

By Joe Belanger, The London Free Press

London-based photographer Rob Nelson's photo of actor Kirsten Dunst, is part of a new exhibition, Rob Nelson: Photographs 1977 to 2014, showing at Western University's McIntosh Gallery.

A photographer and an artist are featured in two new exhibitions at a London gallery.

Rob Nelson: Photographs 1977 to 2014 and *Janet Werner: Another Perfect Day* open Friday at Western University's McIntosh Gallery.

The London-based Nelson has "infused fashion and portrait photography" over a career that's seen his talents used to capture enigmatic images of celebrities such as Prince Andrew, Margaret Atwood and Kirsten Dunst that have appeared in major publications such as *Saturday Night* and *Canadian Art* magazine, *Flare*, and *Chatelaine*.

"(Nelson) has infused fashion and portrait photography with a unique combination of sensitivity towards his subjects and, in contrast, an edgy, candid immediacy," wrote director James Patten, in a press release.

“Nelson is credited with reinventing the often stilted formalism of conventional portraits and fashion photography by moving his subjects out of the studio and into the street.”

Werner was born in Winnipeg and now lives in Montreal. Her work has been shown across the country in solo and group shows.
